

## **Cosmopoint College Kuala Terengganu Unveils Its Brand New College to Facilitate a More Accessible and Conducive Surrounding**

**26 October 2015, Kuala Terengganu** – Cosmopoint College held a launch ceremony and Open Day Carnival today to mark the opening of their new campus at Kuala Terengganu Kompleks Maksak, Jalan Cherong Lanjut.

**Cosmopoint College Kuala Terengganu**, which was based on Jalan Sultan Ismail have been operating for 10 years since its establishment in May 2005. In its efforts to meet the demands of the local industry particularly in Terengganu, Cosmopoint College has introduced several new programmes, which has led to a growing number of student intake. Due to this surge, the College facilities could no longer accommodate the rising capacity of students.

With more than 500 students to date, the relocation of the College to Kompleks Maksak provides a more conducive environment for students. The College capacity of **25,000 sq ft** houses spacious and relevant facilities, which will benefit students for the long haul.

Another factor that led to the relocation of the College is its strategic location and accessibility for students. The strategic positioning has made Cosmopoint College Kuala Terengganu the preferred community college as it is conveniently located within their neighbourhood.

“Evidently, the relocation stresses on the importance of accessibility as well as learning in a more conducive environment. The new College has bigger and better facilities compared to the old College. Among the facilities you’ll find are computer labs, photography and graphic studios, library and prayer room. These elements will also further strengthen the governance practice professionalism amongst management,” said Chief Executive Officer of Cosmopoint Group of Companies, En. Mohamad Kamal Hj. Nawawi.

Understanding the demands of the local industry, one of the more popular programmes in **Cosmopoint College Kuala Terengganu** is E-Secretaryship.

“In our efforts to remain progressive, **Cosmopoint College Kuala Terengganu** will be introducing the Tourism Management programme in January 2016. This is in line with the State Government efforts to promote the Tourism and Hospitality industry as an important source of **income for the state,**” adds Mohamad Kamal.

In conjunction with the launch, Cosmopoint College Kuala Terengganu also held an Open Day Carnival with various activities including Tongue Twister, Scrabble, Brain Teaser, Human

Basketball Games and Spot Sketching. In addition, the event also saw KLMUC Celebrity Guest Speaker Nurul Syuhada Nurul Ain, who made a special appearance together with 'Polis Evo' film producer, Joel Soh.

At the same event, Cosmopoint College also launched 'Rumah Ngaji'. In partnership with Karang kraf Media Group, the main objective of the programme is to introduce the basic teachings of the Quran. This includes reading the Quran based on *tajwid* guidelines, understand the meaning and true essence of the Quran as well as act as a hub for the Muslim network community.

"We are pleased to establish a partnership with Karang kraf Media Group to launch the 'Rumah Ngaji' at our **College**. The collaboration with an organisation who shares the same vision is a noble initiative that lends a positive contribution to the students and the society," he adds.

Cosmopoint College is also committed with its D2D2J initiative, which is short for Diploma to Degree to Job. The College do not only equip students with theoretical and practical knowledge but are also committed in securing students a place in the professional world upon graduation.

According to Mohamad Kamal, "The efforts do not stop upon Diploma graduation but graduates can also take the opportunity to continue their Degree programme in Kolej Universiti Metropolitan Kuala Lumpur (KLMUC). The University College, which is one of Cosmopoint Group subsidiary, has a vast network of relevant industry partners that provide students a platform to do their internship as well as apply for job placements."

Currently, Cosmopoint College offers industry-related courses including E-Secretaryship, E-Business, Accounting, Business, Graphic Design and Multimedia Application, to name a few. All courses have been endorsed and approved by the Ministry of Education and accredited by the Malaysian Qualifications Agency (formerly LAN).

**END**
